

MUDIT NARAYAN SONI

6378549252 Gmail linkedin github codolio

Summary

A proactive and adaptable problem solver driven by curiosity and ownership, passionate about DevOps, SRE, and cloud engineering, with hands-on experience in AWS, Kubernetes, Docker, Linux, Python, Git, Jenkins, GitHub Actions, monitoring, and CI/CD automation.

Education

Chandigarh University

Bachelor of Engineering in Computer Science (Cloud Computing)

Nov 2022 – Jul 2026

Mohali, Punjab

Experience

ZEEX-AI, Startup

Junior DevOps Intern

GitHub

Remote

- Built and deployed a cloud-native search engine using Docker, AKS, and GitHub Actions.
- Automated CI/CD pipelines with Jenkins and GitHub Actions, reducing deployment effort by 80%.
- Improved application performance by reducing latency by 40% and increasing throughput by 30%.
- Implemented testing and monitoring solutions, achieving 90%+ test coverage and reliability.

Projects

NimbusSearch | *Jenkins, GitHub, Docker, AKS (Azure)*

View Demo

- Built a cloud-based search engine using Django, Selenium, and SQL for reliable search performance.
- Deployed applications on Azure Kubernetes Service (AKS) using blue-green deployment.
- Automated CI/CD workflows with Jenkins, Docker, and GitHub for seamless releases.

Cloud-Driven User Learning Analytics Platform | *Python, FastAPI, AWS Lambda, Docker*

View Code

- Architected a cloud-native analytics platform for real-time processing and analysis of user learning activity.
- Leveraged FastAPI, AWS Lambda, and Docker to create scalable serverless data-processing services.
- Generated actionable insights through interactive dashboards tracking engagement and learning trends.

Technical Skills

Languages	Python, SQL, Shell Scripting
Core CS Concepts	Data Structures & Algorithms, OOPs, DBMS
Cloud Infrastructure	AWS, Azure, EC2, S3, Lambda, ECS, EKS, AKS, IAM, VPC, VNet, ELB,
Serverless	AWS Lambda, AWS Beanstalk, AWS SAM,
Networking	TCP/IP, DNS, DHCP, Subnetting, Routing, VLAN, NAT, NACL, SG, Linux
DevOps Tools	Docker, Kubernetes, Jenkins, AWS CloudFormation, AWS Codepipeline, AWS CodeDeploy
Version Control	AWS CodeCommit, GitHub Actions, Git
Frameworks	Flask, FastAPI, Django, React, Node.js
Databases	MySQL, SSMS, PostgreSQL, MongoDB, AWS DynamoDB, Aurora, Athena

Certifications

AWS Certified DevOps Engineer – Professional (DOP-C02) (In Progress): Preparing for advanced certification covering CI/CD, infrastructure automation, monitoring, and AWS cloud operations.

AWS Certified Developer – Associate (DVA-C02): Validated skills in developing and deploying AWS applications.

AWS Certified Cloud Practitioner (CLF-C02): Validated AWS cloud, security, pricing, and core service knowledge.

AWS Certified AI Practitioner (AIF-C01): Demonstrated foundational AI/ML and AWS AI service expertise.

100 Days of Python – Udemy (Dr. Angela Yu): Completed hands-on Python programming and automation training.

Achievements

- Merit-based scholarship recipient at Chandigarh University.
- Ranked top-3 among 1000 participants in a campus-level aptitude competition.
- JEE Main qualified, demonstrating strong analytical and problem-solving abilities.
- Resolved 100+ Linux troubleshooting challenges, showcasing system administration expertise.
- Solved 100+ Kubernetes troubleshooting problems, validating hands-on cluster management skills.
